Note Reading Rubric

Criteria	4	3	(2)	1
Notes on the lines and in the spaces, ledger lines	I can identify the names of the notes on the music staff quickly. I can read all notes on all lines and in spaces. I understand the process of identifying notes on ledger lines.	I can identify and name notes using "face" and "Elvis's guitar broke down Friday". I am working on identifying notes without my line and space prompts.	I can identify note names if I have my line and space clues written on the staff first. I am working on reading small groups of notes and learning notes that are on ledger lines.	I need help reading notes on lines, ledger lines and in spaces. I am working on getting comfortable with the idea of identifying notes using clue words.

1. Fill in the correct notes for the I, IV and V Chords from the blues progression. 2. Spell this word:

A hand-drawn musical staff with two systems. The first system has a treble clef and contains notes on the first line (G), first space (A), and second line (B). Below these notes are the chord symbols I, IV, and V. The second system has a bass clef and contains notes on the first space (D), second line (E), and second space (F). Below these notes are the chord symbols D, E, A, and F.

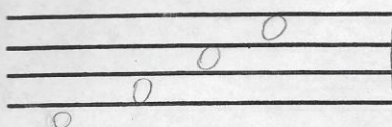

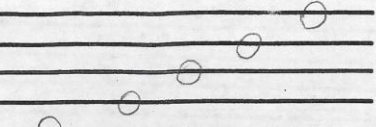

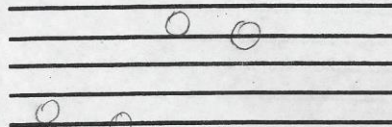

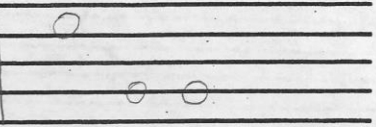

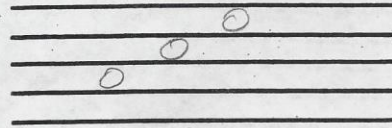

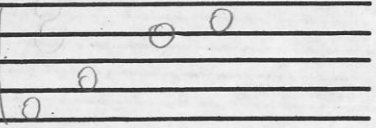

Self-Reflection: What do I need to do ^{to} improve my note reading skills?

I need to always write line notes & space notes, because I get confused all the time.
