## STUDENT WORK: ORFF - IMPROVISATION & COMPOSITION

Date: 3/21/12

Class: 5-417

Feedback requested by: Nickolas

Performance of: \_\_\_\_\_

My response: He put how he felt and his energy into what he was playing. Also he use all the notes, and did chord and broken positions. He only used the left and middle of the instrument. So he could've used the whole instrument.

Feedback requested by: Corlieha

Performance Evaluation of: \_\_\_\_\_

My response: Corlieha was amazing playing the xylophone. She use slips/jumps, emotions/feelings, and matched the style. However, I suggest Corlieha should use more notes than, cdign the low notes. Also, Corlieha use broken, cross-over. I LOVED

Performance Evaluation of: Improvisation

My response: I liked how he went up and down the scale and how he added his tremelo. Also how he bounced as he did the chord. But he needs to work on more emotion

Performance of: Improvisation techniques

My response: My partner really kept the beat, even though she could have used the whole instrument, and I loved the way she did different patterns. She used different notes, but it sounded great. It was great (Super!)
