

Arts Assessment For Learning

THEATER — 4TH GRADE

SYNOPSIS: PANTOMIME FOR YOUNG ACTORS

The Pantomime for Young Actors research project focused on using peer and self-assessment in the teaching and learning of exercises from Jaques Lecoq's Pantomime for Actors Technique. My 4th grade students discovered that peer assessment was most effective in motivating them to engage in pantomime exercises and improve their skills in physicality.

Inquiry:

Does peer and self-assessment improve students' physicality using Jacques Lecoq's Pantomime for Actors technique?

Strategies:

Peer and self-assessment using checklists
