

# Arts Assessment For Learning

---

THEATER — 3<sup>RD</sup> GRADE

## **SYNOPSIS: PLAYWRITING-TRAGEDY**

My Playwriting-Tragedy Assessment Research Project involved emerging playwrights from a 3<sup>rd</sup> grade Collaborative Team Teaching (CTT) in learning the basic techniques for writing a scene with a tragic ending. My students self-assessed and revised their scenes using a checklist and a reflection protocol. I also used the same documents to both formatively and summatively assess their work.

### **Inquiry:**

*Does self-assessment improve student's skills in playwriting when creating scenes with tragic endings?*

### **Strategies:**

Self-assessment – checklists and feedback protocol
