

# Arts Assessment For Learning

---

VISUAL ARTS — 7<sup>TH</sup> GRADE

## **SYNOPSIS: FIGURE DRAWING**

My 7<sup>th</sup> grade art talent class is comprised of gifted and talented as well as special education students. All are initially challenged by proportion in figure drawing. These students enthusiastically engaged in a peer assessment process using a visual rubric and improved their drawing skills as evidenced by their revised drawings.

### **Inquiry:**

*Does peer assessment using a rubric improve the quality of students' figure drawings?*

### **Strategies:**

Peer assessment using a visual rubric and self-reflection
