Look at your collograph. Today I plan to work on my  
collograph and add more  
detail's and shapes

Partner name Gene A. Matos

I notice that my partner has a lot  
of details and work a lot harder.

I wish that my partner will add more  
details just little and it will look  
better.

Artist response

I have read my partners comments. I have decided to add  
more details and shapes  
because I don't want it to  
look so empty.

Written Peer Prompt of Nasira.
